CERTIFIED LEADER.

Aristech Surfaces LLC was the first to achieve certification by Scientific Certification Systems (SCS) – the gold standard for environmental content and practices. Our Avonite Surfaces® Acrylic Solid Surface recycled products contain 16% recycled content. Avonite Surfaces® also received an A+ for VOC emissions based on French regulation DEVL1101903D.

RESIST BACTERIA, NATURALLY.

Avonite Surfaces® non-porous surfaces are naturally impervious to the penetration and subsequent proliferation of microorganisms. Hygienic, durable, and easy to clean without added chemicals, our surfaces ensure that unwanted microorganisms have nowhere to hide.
